

A Lasting Way to Show You Care

In 1906, twelve children were moved from the Texas Presbyterian Home & School for Orphans in Dallas to a new home in Files Valley, just east of Itasca. Many things have changed over the past century, including our name, but through it all, Presbyterian Children's Homes & Services has remained committed to providing Christ-centered care to children and families in need.

You can be part of our enduring legacy through our Brick-by-Brick program. Recognize the birthday or anniversary of a special person in your life, honor the memory of a loved one, or solidify your commitment to caring for God's children with an engraved message on a brick path at our Itasca campus. Your contribution will ensure this ministry can continue its mission of hope and caring for years to come.
